مقاله های مجله

۱. On the number of observations near the i -th dependent progressively Type-II censored order statistics
communication in statistics, theory and methods., ۲۰۱۵
۲. Multivariate normal mean-variance mixture distribution based on Birnbaum-Saunders distribution
journal of statistical computation and simulation, ۲۰۱۵
۳. Some properties of stochastic volatility model that induces by its volatility sequence
Statistical methodology, ۲۰۱۵
۴. On the construction of nested archimedean copulas for d -monotone generators
Statistics and probability letter, ۲۰۱۵
۵. On properties of dependent general progressively Type-II censored order statistics
Bulletin of the Iranian Mathematical Society, ۲۰۱۵
۶. Goodness-of-fit test for generalized order statistics arising from Pareto II distribution based on
journal of statistical science, ۲۰۱۵
۷. Non-linear Bayesian prediction of generalized order statistics for lifetime models
International Journal of Nonlinear Analysis and Applications, ۲۰۱۵
۸. Stochastic comparison of lifetimes of two $(n-k+1)$ -out-of- n systems with heterogeneous dependent components
journal of multivariate analysis., ۲۰۱۴
۹. Stochastic Comparison of Residual and Past Lifetimes of $(n-k+1)$ -out-of- n Systems with Dependent
Communications in Statistics, ۲۰۱۳
۱۰. Multivariate aging and Archimedean dependence structures in high dimensions
Communications in Statistics, ۲۰۱۳
۱۱. On properties of dependent general progressively Type-II censored order statistics
Metrika, ۲۰۱۳

۱۲. Stochastic volatility models with possible extremal clustering

Bernulli, ۲۰۱۳

۱۳. On properties of progressively Type-II censored order statistics arising from dependent and non-identical random variables

Statistical methodology, ۲۰۱۳

۱۴. Estimators based on trimmed Kendall's tau in multivariate copula models

Statistical methodology, ۲۰۱۳
